

Statement of Intent for ECO4 and Great British Insulation Scheme

East Staffordshire Borough Council ECO4 and Great British Insulation Scheme Flexible Eligibility Statement of Intent

Local Authority name: East Staffordshire Borough Council

Publication Date: 09/10/2023

Version number: V.4.2

Publication on web site: <http://eaststaffsbc.gov.uk/HOUSING-AND-PROPERTY/YOUR-HOME/HEATING-AND-INSULATION>

This statement sets out East Staffordshire Borough Council's flexible eligibility criteria for the Energy Company Obligation (ECO4) and Great British Insulation schemes which run until March 2026.

The ECO4 scheme will focus on supporting low-income and vulnerable households. The scheme will improve the least energy efficient homes helping to meet the Government's fuel poverty and net zero commitments. The Great British Insulation Scheme will support the ECO4 scheme in the delivery of predominantly single measures targeted at a wider range of households.

The flexible approach for Local Authorities (LAs) to identifying fuel-poor and vulnerable households who may benefit from heating and energy-saving measures is referred to as "ECO4 Flex" and "Great British Insulation Scheme Flex".

The Council is publishing this Statement of Intent (SoI), on the **09/10/2023** to confirm that each of the households declared will adhere to at least one of the four available routes outlined below. The tick boxes can be used to indicate to households which routes the council is using:

Route 1: Owner-occupied and private rented sector households with a gross annual income less than £31,000. This cap applies irrespective of the property size, composition, or region.

Route 2: Owner-occupied and private rented sector households that meet a combination of two of the following proxies:

Proxy 1) Homes in England in Lower-layer Super Output Area 1-3 (LSOA)¹, or homes in Welsh provision LSOA 1-3 on the Welsh Index of Multiple Deprivation 2019², or homes in Scotland in “data zone” 1-3 on the Scottish Index of Multiple Deprivation 2020^{3*}

Proxy 2) A person living at the premises is entitled to a Council Tax reduction on the grounds of low income.

Proxy 3) A person living at the premises is considered to be vulnerable to the cold under the National Institute for Health and Care Excellence (NICE) Guidance NG6: Recommendation 2, for a reason other than their low income^{4*}

Proxy 4) A child living at the premises is eligible for free school meals, due to low-income⁵

Proxy 5) A person living at the premises is supported by a scheme established by the LA/DA that is named and described within their Statement of Intent and established to support people living on a low-income and considered vulnerable to the cold under NICE Guideline NG6.

[Please provide the name of the LA established scheme used and a short description. The description must include which cohort of people the LA-run scheme is helping, and how the scheme identifies the householder or person as low-income and vulnerable for the purposes of NICE Guidelines.]

In East Staffordshire, residents may be eligible under this proxy if they have completed an assessment through Staffordshire Warmer Homes, a scheme run by Staffordshire County Council. Our goal is to combat fuel poverty across the county and help residents to heat their homes. This scheme is supported by Beat The Cold, E.ON, Cadent, Community Home Solutions, Affordable Warmth Solutions and the Department for Energy Security and Net Zero. The Council has identified a positive correlation between households who suffer from long-term health conditions and living off a low-income, with living in poorly insulated home. The scheme therefore is specifically designed to support low income and vulnerable households for the purpose of NICE guidelines.

⁴ <https://www.nice.org.uk/guidance/ng6/chapter/1-Recommendations#recommendation-2-ensure-there-is-a-singlepointofcontact-health-and-housing-referral-service-for>

⁵ Under section 512ZB(4) of the Education Act 1996 or section 53 of the Education (Scotland) Act 1980

Proxy 6) A household referred to the LA for support by their energy supplier or Citizens Advice or Citizens Advice Scotland, because they have been identified as struggling to pay their electricity and/or gas bills.

Proxy 7) [Please note, proxy 7 is for supplier-owned debt data and is listed here for information only]. Households identified through energy supplier debt data. This route enables obligated suppliers to use their own debt data to identify either non pre-payment meter households (non-PPM), or pre-payment meter households (PPM)*.

- a. **Non-PPM customers:** These are customers who have been in debt for more than 13 weeks ending with the day on which the declaration is made, and are in a debt repayment plan with their energy supplier or repaying their fuel debt through 3rd party deductions.
- b. **PPM customers:** Suppliers may also identify PPM households who:
 - have either self-disconnected or received supplier Discretionary/Friendly credit within the last 13 weeks ending with the day on which the declaration is made; or
 - are in a debt repayment plan with their energy supplier; or
 - repaying their fuel debt through 3rd party deductions.*

* Note proxies 1 and 3 cannot be used together.

* Proxy 7 cannot be used in combination with proxy 5 or proxy 6.

Route 3: Owner-occupied and private rented sector households that have been identified by either a person registered in the General Practitioner Register, a Scottish Health Board, a Welsh Health Board, an NHS Foundation Trust, or an NHS Trust as vulnerable, with an occupant whose health conditions may be adversely affected by living in a cold home. These health conditions must be cardiovascular, respiratory, immunosuppressed, or limited mobility-related.

Route 4 [applicable to ECO4 Flex only]: Owner-occupied and private rented sector households that are referred under Route 4: Bespoke Targeting. Suppliers and LAs can submit an application to the Department for Energy Security and Net Zero where they have identified new methods to identify low-income and vulnerable households. Applications need to demonstrate a number of factors, including that the proposed methodology is more effective at identify households in fuel poverty than the criterion offered under Routes 1 and 2.

Scheme eligibility

East Staffordshire Borough Council works in partnership with Staffordshire Warmer Homes, local charity Beat the Cold and Community Home Solutions, who act the customer journey support for these schemes. They can support low-income and vulnerable households for the purpose of NICE guidelines.

All potentially eligible households should apply through Beat the Cold, Community Home Solutions, or one of their approved ECO / Great British Insulation Scheme installers, to ensure that they can either benefit from the scheme or be assessed for eligibility under any other relevant programme. Households will be asked to give permission for their data to be shared as needed with the council and contractors, in line with GDPR regulations. Beat the Cold can assist in the application process. Their contact details are:

The Bridge Centre, Stoke on Trent, ST2 8DD
FREEPHONE: 0800 3892258 or 01782 914915
