

Benchmarking Report **(Quarter Three Performance 2017/18)**

1. Introduction

1.1. The following report details figures for the financial year 1st April to 31st December 2017 for a number of local authorities initially identified using the CIPFA 'Nearest Neighbours' model. The following authorities provided figures for this benchmarking exercise:

- East Staffordshire Borough Council
- East Northamptonshire Council
- Gedling Borough Council
- High Peak Borough Council
- North Warwickshire Borough Council
- Erewash Borough Council
- Chorley Council
- South Kesteven District Council

1.2. However it should be noted that not all participating authorities are in a position to provide data for all the performance indicators in the exercise. A comparison table for each performance indicator is shown below, where a sufficient number of Councils have provided comparable data for that indicator.

1.3. To ensure data quality and allow for fair comparison between the participating authorities, the participating authorities were asked to highlight where any performance indicator was not calculated using previously published NI / BVPI definitions or guidance.

1.4. Some variations have been highlighted so please take these into account when considering this report.

1.5. Where no additional comment has been made to highlight variations, then the report assumes that the figures provided are cumulative and that they are calculated in accordance with recognised NI / BVPI definitions. Other comments provided by the relevant participating authority have also been detailed where appropriate.
