<p>The Council is permitted by law to issue a certificate of compliance confirming that a vehicle has reached the standard required to pass an MOT test plus additional requirements of the Council concerning safety, comfort and the aesthetics of the vehicle. The compliance certificate only relates to a vehicle for a maximum period of 12 months, provided that the vehicle is licensed as a hackney carriage or private hire vehicle during that period. The Council reserves the right to request that the compliance test be completed at any time at the proprietor's expense.</p>	<p>Representatives from the Trade have requested that the Certificate of Compliance is to be an annual process and not on a six monthly basis.</p>
<p>The Policy states that vehicles will be subject to periodic, random inspections by authorised officers of the Council, or its agents to ensure the vehicle and/or its taximeter is fit for purpose. Where a delegated Officer is satisfied that a vehicle fails in any respect to meet any specification or condition of licence or the relevant construction and use regulations require by law they may suspend a vehicle licence for any specified period. Where an authorised officer of the Council has reasonable grounds to suspect that the condition of the vehicle poses a danger to either passengers or other members of the public, he/she may serve on the driver/proprietor a vehicle defect notice. In such cases the vehicle licence shall immediately be suspended until such time as the defect(s) have been remedies. The suspension shall not be lifted until it is proved to the authorised officer that the vehicle defect has been corrected. The pass certificate from that test must be produced as evidence that the vehicles still meets the required standard.</p>	
<p>The Council adopted the Group I medical standards for fitness to drive hackney carriages/private hire vehicles in accordance with the DVLA and Department for Transport best practice guidance. All medicals for applications for a hackney carriage or private hire driver's licence must be carried out by the applicant's own GP or another doctor in the same practice. Further medicals will be required every three years unless specified by the GP. Medicals will not be accepted if they are over 3 months old. The certificate is for the confidential use of the Council and any fee charged is payable by the applicant.</p>	<p>Representatives from the Trade have requested that the Policy is amended to include the right to visit any GP and not just the applicant's own</p>
<p>The Council requires hackney carriages and private hire vehicles to clearly indicate to the public that they are licensed vehicles. Hackney carriage and private hire vehicles must be clearly distinguishable to allow the public to clearly identify them from other vehicles and each other. The Council accepts that clear signage and door panels can achieve this. The Council has set standards on the acceptable type of signage for hackney carriages and private hire vehicles; they include:</p> <ul style="list-style-type: none"> • The permitted position of licence plates • Colours to be used for licence plates • Permitted positioning of door panels for private hire vehicles • Permitted positioning of door panels for hackney carriage vehicles 	<p>Representatives from the Trade have requested that plate and door panels to be optional</p>

<p>Before any application for a vehicle licence can be accepted, the vehicle, which is intended to be licensed, has to meet all aspects of the licensing authority vehicle specifications. This is achieved by making an appointment for a vehicle inspection with the Licensing Team and also by presenting the vehicle to one of the Council's appointed testing stations where the vehicle will be subjected to the licensing authority vehicle compliance test. All vehicles must pass this test and be awarded a compliance test pass certificate by the testing station. Once received the test pass certificate shall only be valid for a period of 14 days. If a licence is not granted within that time, the vehicle must be presented for a further test and a new compliance test pass certificate obtained.</p>	<p>Representatives from the Trade have requested the 14 day validity of the test pass certificate to be extended.</p>

These competencies are achieved by completing a Knowledge test conducted by a Licensing Officer. The knowledge test will be a written assessment and will be split into SIX four parts, part one conditions test, part two a receipt exercise, part three identification of landmark/premises locations and part four identification of routes. Part five will include recognising and reporting child sexual exploitation and part six will be in respect of Disability Discrimination and customer care. One telephone reminder will be made to the proprietors on the working day prior to the document expiring, but this is just a courtesy service. No further calls will be made.</p>	<p>Proposed wording of the Policy to be amended to: Text reminders will be sent from the Licensing Office before the document expires.
