Dear Sir/Madam

I am writing this letter with regards to the licence review of The New Inn, Ludgate street, Tutbury. I have been a regular customer of the premises for the past 30 years, I also have resided directly behind the New Inn For 2 years.

Since the new management have taken control I have noticed vast improvements and with regards to noise or disturbance the pub in my opinion is currently the best it has been.

In an era where pubs up and down the country are closing it is great to witness a public house which is succeeding and providing a great and friendly atmosphere for the community.

Regards,
