984/19	To apply to the Rough Sleeping Initiative Fund to secure revenue for the support required to facilitate a 'Housing First' model for 5 entrenched rough sleepers.	At the count in 2018 11 rough sleepers were identified, some of whom become entrenched. Attracting this investment from central government would drive solutions specifically for this cohort to markedly reduce the number of rough sleepers.	No	No	18/02/2019
